BACKGROUND:

The district's Board of Trustees shall certify in writing whether or not the district is able to meet its financial obligations for the remainder of the fiscal year and, based on current projections, for the two subsequent fiscal years. The certification shall be classified as positive, qualified, or negative, pursuant to standards and criteria adopted by the State Board of Education (EC §33127).

In certifying the 2018-19 First Interim report as positive, the Board confirms its fiduciary responsibility to maintain fiscal solvency for the current and subsequent two fiscal years.

RECOMMENDATION:

Administration recommends the Board of Trustees certify the First Interim report as positive.

The First Interim budget report is a snapshot in time of the local educational agency's (LEA) revenue and expenditure forecasts for the current fiscal year as well as a projection of the two subsequent fiscal years. It is a time to adjust the budget based upon the enacted State Budget and subsequent trailer bills, the closing of the prior fiscal year, and other factors that impact revenue and expenditures. The First Interim report covers the period of time from July 1 through October 31 each fiscal year and must be submitted to the county office of education no later than December 15.

BUDGET ASSUMPTIONS:

Planning Factors for First Interim and MYPs:

The 2018-19 budget assumptions are used to prepare the 2018-19 Budget and multiyear projections for 2019-20 and 2020-21 fiscal years. Placer County Office of Education (PCOE) provides districts with a Common Message letter outlining basic assumptions for the First Interim Budget. PCOE has recommended that each district use State Dept. of Finance (DOF) gap funding percentages as estimated by DOF and provided in the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator.

Additionally, PCOE is recommending the district incorporate projection information from FCMAT and School Services of California (SSC) Dartboard for specific budget circumstances for our individual district. Every district receives differing amounts of revenue through the LCFF funding model and has its own particular set of financial risk factors. It is important that all districts continue to assess their individual situations and plan accordingly to maintain fiscal solvency. Key planning factors for LEAs to incorporate into the 2018-19 budget and multiyear projections are listed on the next page and based on the latest information available.

GENERAL FUND BUDGET ASSUMPTIONS FIRST INTERIM AND MYP - Revenues

District assumptions for the 2018-19 First Interim budget year and future multi-years are conservative with projected LCFF GAP funding estimates per State Dept. of Finance estimates, projected COLAs, an increase in projected enrollment growth of 70 students in 2018-19 and an ADA percentage yield steady at 95.8% in 2018-19.

The 2018-19 Proposed Budget also includes the LCFF Supplemental Funds budget that has been reviewed by the District LCAP Committee. Negotiations are not completed for the 2018-19 school year for all bargaining units.

Local Control Funding Formula

The Governor's 2018-19 State Budget implements full funding of the LCFF program in the budget year 2018-19 with a minimum guarantee of \$78.4 billion. The additional funding includes the increased COLA to 2.71% as well as provides a modest augmentation of .99% to the formula. While the economy has improved quickly over the last few years, both the Governor and the Department of Finance continue to remind educational entities that an economic downturn is inevitable and would negatively affect school funding. As the Governor has fully-funded the LCFF program in 2018-19, any future increases from the State would be in a COLA.

One-Time Funding

The Governor State Budget includes more than \$1 billion in one-time discretionary funds for school districts, which equates to approximately \$184/ADA. These funds are included in 2018-19 First Interim revenues and expenditures.

Other State Programs

Programs outside the LCFF, including Special Education and Child Nutrition will receive the statutory COLA of 2.71%.

Multi-Year Projections 2018-19, 2019-20 and 2020-21 Budget Years:

The multi-year projections provide a view of the current year and subsequent two years' budgets. The multi-year projections are built on assumptions provided by PCOE Common Message, School Services of California, the 2018-19 State adopted budget, the State Dept. of Finance (DOF), FCMAT LCFF Calculator, federal funding projections and district trends and data.

The multi-year projections also include a proposed adjustment to the budget in 2020-21 to meet the District's First Interim Budget multi-year positive certification. In the 2018-19 fiscal year we are proposing to eliminate the final scheduled \$200,000 transfer of Wetlands Reserve funds back to Fund 17. In the 2020-21 budget year we are proposing to transfer a total of \$150,000 Wetlands Reserve funds from Fund 17 to the General Fund to support the 2020-21 projected budget deficit. At 2020-21 budget year, the total outstanding Wetlands Reserve balance due to Fund 17 would be approximately \$350,000. No other budget reductions are necessary at this time to meet the District's positive certification.

Local Control Funding Formula

The Governor's 2018-19 Proposed State budget includes full implementation of LCFF funding, two years earlier than the original program of implementation date. This increase provides approximately \$1 million of additional LCFF base funding for the district.

CalSTRS and CalPERS Employer Contributions

STRS employer rates increased to 16.28% in 2018-19, up from 14.43% in 2017-18, while CalPERS increased to 18.062% in 2018-19 from 15.53% in 2017-18. No specific state funds are provided for these statutory pension cost increases. CalPERS is not subject to state law and the CalPERS Board can change rates as needed.

Adopted/projected CalPERS rates are as follows:

	PERS Projected							
Fiscal Year	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25	
Employer Rate	18.062%	20.7%	23.4%	24.5%	25.0%	25.5%	25.7%	

Under current law, once the legislated rates are achieved, CalSTRS will have the authority to marginally increase or decrease the employer contribution rate. Statutory CalSTRS rates through 2021-22 are below:

Fiscal Year	2018-19	2019-20	2020-21	2021-22
STRS Employer Rate	16.28%	18.13%	19.1%	18.6%

The CalSTRS and CalPERS additional costs associated with the employer rates increase over the next three years as follows:

	2018-19		2019-20		020-2021
STRS Additional Costs Per Year	\$	543,111	\$ 552,344	\$	294,531
PERS Additional Costs Per Year		208,836	164,085		170,293
Total Per Year	\$	751,947	\$ 716,429	\$	464,823
STRS Additional Costs - Cumulative	\$	5,182,166	\$ 5,734,510	\$	6,029,041
PERS Additional Costs - Cumulative	\$	459,602	623,687		793,979
Total Cumulative	\$	5,641,768	\$ 6,358,197	\$	6,823,020

Property Taxes

Property taxes revenues continue to show stabilization and moderate growth since 2013-14. Property taxes in Placer County had fluctuated with a net decline for a number of years but we saw an increase of approximately 7.0% in 2016-17 and another 3.92% increase in 2017-18. Current projections indicate property taxes will increase by approximately 3.8% in 2018-19 based on current tax rolls, and a conservative 3% for the 2019-20 and 2020-21 fiscal years.

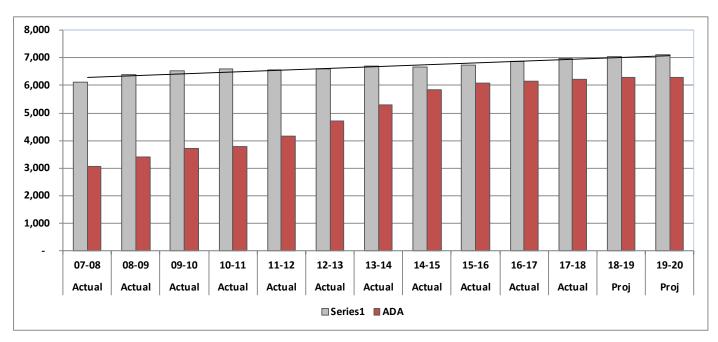

Enrollment and ADA

For the 2017-18 school year, the District enrollment increased by 82 students, a 1.2% increase. With the exception of a one-year decline of 54 students in 2014-15, the District has experienced an average annual enrollment increase of approximately 1.0% over the past seven years. Average Daily Attendance rates (ADA) have ranged from a high of 96.2% in 2015-16 to a low of 95.5% in 2012-13 with an average ADA rate of 95.9% for the last five years.

Enrollment and attendance projections for the current 2018-19 budget year, Adopted and First Interim, and the next two budget years are listed below:

	18/19 Adopted	18/19 First Interim	19/20 Projection	20/21 Projection
Enrollment	7,030	7,030	7,100	7,171
ADA Yield	95.8%	95.8%	95.8%	95.8%
ADA	6,753	6,753	6,821	6,889
% Increase (Decrease) Enrollment	1.0%	1.0%	1.0%	1.0%
# Increase (Decrease) Enrollment	70	70	70	71

With the delay of the expansion of John Adams Charter School, we saw a minimal loss of approximately 30 students at 2017-18 P-2 reporting. We will continue to assess the impact on enrollment as the charter adds grades to their charter school in the future.

The following chart shows historical and projected enrollment data:

Contributions to Restricted Programs

Some categorical programs require contributions from the district unrestricted funds as the funding received does not cover the expenditures for that specific program. A summary of the change in contributions from 2018-19 First Interim Budget to 2018-19 Adopted Budget is presented below:

<u>Cash</u>

As a significant portion of our State funding is from property taxes and those payments are apportioned by the State only three times a year, the District must use short-term TRANS (Tax Revenue Anticipation Notes) borrowing to provide General Fund cash flow support during the remaining nine non-apportionment months.

In 2018-19, the District is using a \$14.5 million TRANS borrowing to provide cash flow support from October through June. Without a TRANS issuance, we historically experience a negative General Fund cash balance for the two to three months preceding our property tax payments each year in December. This is typical of districts that rely on property taxes to backfill LCFF funding. The District plans to continue to participate in TRANS borrowing for any fiscal years where the District General Fund is dependent upon cash flow needs.

The chart below shows the actual and projected cashflow balance by month for the current 2018-19 fiscal year and projected 2019-20 fiscal years assuming a TRANS for both years.

Details of the Components of Ending Fund Balance for 2018-19, 2019-20 and 2020-21 are listed on the following page.

For the 2018-19 budget year and next two budget years the district is meeting the minimum 3% *Reserve for Economic Uncertainties*. Along with this reserve, the district is reserving restricted programs funds, funds for additional required supplemental program spending increases in the appropriate years and a reserve for charter technical assistance. Amounts that are not specifically identified for designated uses as noted above are included in the Reserve – Unassigned Economic Uncertainty Surplus totaling \$581,033, \$217,692 and \$99,234 in the respective budget years.
