Agenda

8.1 Information **PROFESSIONAL LEARNING COMMUNITIES** – Boyle (09-10 G & O Component I, II, III, IV)

•Western Placer Unified School District has embarked on a journey to ensure that each and every student in our school district masters the critical learnings that will lead to a high school diploma and to post-secondary success. Over the past two years across the district, we have studied the work of a number of reknown educational researchers (R. Marzano, R. DuFour, B. DuFour, M. Schmoecker, M. Mattos) who have come to a common conclusion regarding what is necessary for schools to be effective and successful with their students, even when facing seemingly insurmountable odds. Over the past two years, WPUSD teachers, administrators, support staff, and Board members have attended conferences, workshops, trainings and book studies toward the goal of developing PLC's in our schools. An overview of the PLC philosophy and our district-wide work will be presented.

8.2 Discussion/ **APPROVAL OF RESOLUTION 09/10.16 GRANTING A 720'**
Action **EASEMENT ALONG FINNEY STREET BORDERING**
FOSKETT RANCH ELEMENTARY TO PACIFIC GAS &
ELECTRIC – Allen (09-10 G & O Component I, III, IV, V)

•Pacific Gas & Electric is seeking a 720'x10' utility easement along Finney Street boarding Foscett Ranch Elementary to serve and maintain the utilities installed in the area. The underground electric facilities were installed in 2007 at the City's request to serve the park and the easement was overlooked. The District's portion of the easement would normally have been processed during the plan approval of Foscett Ranch. PG&E is requesting the easement in order to tie the facilities into the overall PG&E system and perfect the rights of way. These facilities would serve the District in the future if expansion were to occur.

Roll Call Vote:

8.3 Discussion **LHS FARM FOUNDATION/AG ADVISORY COMMITTEE**
– Leaman (09-10 G & O Component I, III, IV, V)

•The Lincoln High School Farm Foundation thanked the Board of Trustees for their ongoing support of the Lincoln High School Farm, agricultural programs and FFA. The committee is requesting the following steps to protect the school farm:

- Re-deeding the property with appropriate restrictions in place that preserve the school farm and allow for the future development of another high school on site if necessary.
- Ensuring that the school farm Endowment funds of \$750,000 are appropriately protected so that the interest earned on the funds is used for the school farm and not diverted to other purposes. To that end, on March 10, 2010, the Farm Foundation members voted to support the School District in the development of a Non-revocable Trust for the Endowment Funds in the amount of \$750,000.
- After Mr. Fowler retires, hiring a replacement teacher that has dual teaching credentials in Agriculture and Science to teach Ag Biology, and work with the FFA program, is critical to the long-term sustainability of the agricultural programs and support of the school farm.

8.4 Action

SUPPLEMENTAL INSTRUCTIONAL MATERIALS

APPROVAL REQUEST – Boyle (09-10 G & O Component I, II, III, IV)

●Board Policy 6161.11 requires teachers to adhere to stated requirements regarding the use of supplementary instructional materials in their classroom. Specific Board of Trustees approval is required for showing of any film/video that is rated “R”. Jeff Duer, history teacher at Lincoln High School, is requesting Board of Trustees approval for the showing of the first 30 minutes of “Saving Private Ryan”, which is rated “R”. He is also requesting approval for the showing of “Band of Brothers” an unrated made-for-TV series. His request is supported by his reviewing of the material he intends to show and by his letter of request, stating relevant curricular objectives for his 10th grade World History World War II unit. He includes parental permission as part of the process of students viewing the films; students without parental permission will not be allowed to view the videos and alternative assignments will be offered, per Board policy.

8. ♦ ACTION ♦ DISCUSSION ♦ INFORMATION

8.1 Information **MOU WITH SIERRA COLLEGE AND CSUS RE EAP TESTS** –

Boyle (09-10 G & O Component I, II, III, IV)

• Western Placer Unified School District has entered into a Memo of Understanding with California State University Sacramento (CSUS) and Sierra Joint Community College (SJCC) for the purpose of establishing guaranteed admission for qualifying Lincoln High School (LHS) seniors into CSUS, facilitating admission of qualifying LHS seniors into SJCC, reducing the number of testing instruments required for college course placement, and increasing the number of high school graduates placing directly into college classes without requiring additional academic support. Up until the point of this MOU, graduating high school seniors were required to show proficiency in English and Mathematics through unique testing requirements at each college. Through this MOU, graduating Lincoln High School seniors may now use a single test result to show such proficiency.

Mary Boyle reported on the MOU for EAP testing. She shared the following on this MOU representation is a collaborative between WPUSD and Sierra College, along with many other high schools that are putting in place a MOU with local colleges. This will help high school students take entry level college classes. Some researchers look at the EAP exam as an early-entry exam. With this an essay needs to be completed, and Lincoln High has agreed to have the juniors participate in the EAP exam. Students who take the EAP exam in April will receive the results in August. Now it requires all juniors to test with a guarantee admission to collaborate between Sierra College.

8.2 Information **WPUSD GATE PROGRAMS** – **Boyle** (09-10 G & O Component I, II, III, V)

• WPUSD has expanded its GATE programs for student and staff over the last three years. GATE magnet programs and cluster grouping are available to students. Professional Development offerings have resulted in a number of WPUSD teachers receiving their GATE certification. GATE programs are supported through limited categorical funding.

Mary Boyle presented a slide show presentation on the GATE program. After the presentation Mary shared that Foskett Ranch just went through a visitation for the Distinguished School Award.

8.3 Discussion **BUDGET ASSUMPTIONS** – **Lopes** (09-10 G & O Component I, III, IV, V)

• The Business Office is beginning the process of budget development, including assessing prior budget assumptions and adjusting assumptions in light of the current State budget projections. The assumptions provided are currently in draft form. Analysis provided from the work of the Budget Committee will be used to

5.1.4

refine these assumptions. A final version will be presented to the Board later this spring.

Joyce Lopes reported on assumptions, as included in some of the budget committee recommendations. These will be brought back in April, with assumptions on staffing. Benefits will stay where they are, and transfers will be looked at. The second interim report will be coming to the March 16th board meeting. The district will be taking a hit from the basic aid, she will report back as to why at the next meeting.

Regina Henninkamp, Kindergarten teacher at Creekside Oaks shared that she had spoken before to the board at another time regarding the elimination of aides. She now shared what each aide does and how they have helped in assisting the students for that one hour are astronomical, every year they are seeing Kindergartners with special needs, and needing extra help. But due to the state budgets there may be some cuts, and she wanted to make sure the board was aware of her concerns on how much the aides are need, and thanked the board.

Mike Kimbrough, CSEA president spoke on the current economic situation, and adding an administrator along with several other positions in the business area, and yet we continue to use outside consultants. He questioned can we use inside help in place of some of the consultants being used? He feels we need to look to save money everywhere.

8.4 Information **ENROLLMENT PROJECTIONS – Lopes** (09-10 G & O Component I, IV, V)

- The District contracted with School Works to provide enrollment projections for budget, staffing and facilities planning purposes. The enclosed enrollment projections reflect the data prepared by School Works in their Demographic Study. These projections are fine tuned for budget purposes by applying a 5 to 6 percent deficit factor based on enrollment and ADA trends for prior years. These projections will be used for initial budget planning purposes. District staff will continue to meet with School Works through the spring to reevaluate and fine tune the District growth patterns.

Joyce Lopes asked School Works to provide us with five year enrollment projections, along with staffing and facility projections. She reviewed with the board the findings, and reported we will continue to work with staff and School Works on projecting enrollment.

8.5 Action **TENTATIVE AGREEMENT BETWEEN WPUSD AND WPTA – Noyes** (09-10 G & O Component IV, V)

- A tentative agreement has been reached between WPUSD and WPTA on Article XV, Work Year, Section D. (1 through 5).

Bob Noyes thanked the calendar committee for helping with the calendar. The teachers approved the calendar by a 4-1 vote, and it is now ready to be adopted. Motion by Mrs. Stevenson, seconded by Mrs. Gage, and passed by a 4-0 vote to approve the 2010-11 school calendar.

9.4 Action

SUMMER SCHOOL – Boyle (09-10 G & O Component I, II, III, IV, V)

•In light of the current budget situation and the more fully developed supplemental instructional programs on sites, it is recommended that we reduce our summer school offerings to those that are required for students on Individual Education Programs (IEP's) of Extended Year Service (ESY) and to classes for credit-deficient students who have completed their junior or senior high school year. These services will meet legal requirements (IEP's) and will support students who are near graduation. This will also allow sites to more fully utilize the limited funding to support after-school tutorial programs during the school year.

Mary Boyle reported last Friday Mr. Leaman received a Region 2 award, and he also received the Marcus Foster award. Now both he and Mary are in the running for a State award. Mary Boyle commended LHS for reaching out to the Twelve Bridges Community. She shared there was literature handed out during the showcase of LHS.

Summer school will only be offered to IEP students or credit deficient students. Motion by Mrs. Stevenson, seconded by Mr. Haley, and passed by a 5-0 vote to reduce the summer school program.

SECOND INTERIM REPORT – Lopes (09-10 G & O Component I, II, III, IV, V)

•The District Board of Education shall certify in writing whether or not the District is able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the two subsequent fiscal years. The certifications shall be classified as positive, qualified, or negative, pursuant to standards and criteria adopted by the State Board of Education (EC §33127.)

In certifying the 2009-10 Second Interim Report as Positive, the Board understands its fiduciary responsibility to maintain fiscal solvency for the current and subsequent two fiscal years. The statutory COLA for 09/10 is unlikely to be funded and the statutory COLA for 10/11 is negative. Additional cuts to revenue limit are anticipated for the 10/11 budget year. Expenditures for 09/10 and 10/11 are projected with cuts of \$2,700,000 and \$3,800,000 respectively. While these cuts are not specifically identified at this time, staff anticipates providing specific cut recommendations to the Board as part of the 10/11 budget adoption.

BACKGROUND:

Western Placer Unified School District has prioritized improving the academic achievement of our English Learner (EL) students. Our staff is working diligently with our students and their families to provide the English Language Development (ELD) service that is necessary for our students to achieve mastery of the English language.

When a student achieves Early Advanced or Advanced status on their California English Language Development Test (CELDT) with no subtest lower than Advanced Intermediate, and when s/he achieves a score of 325 (mid-range Basic) of their California Standards Test (CST-STAR) in the area of English Language Arts (ELA), and if s/he is achieving passing grades in his/her classes, that student may be considered for reclassification – as a Reclassified Fluent English Proficient (RFEP) student.

Lynn Kelso, Program Specialist Categorical Programs, is preparing to recognize our students who have achieved reclassification over the past three years through an RFEP Ceremony and Celebration at Glen Edwards Middle School, April 22 from 6:00 – 7:00 p.m. Families, site and district staff, and Board members are invited to attend.

MEETING DATE:

BACKGROUND:

Western Placer Unified School District receives federal Title I Part A funding through the annual Consolidated Application (Con App) process. Five of our schools benefit from this funding, based on free/reduced lunch counts of 35% or higher: Creekside Oaks Elementary School, First Street School, Glen Edwards Middle School, Phoenix High School, and Sheridan School. The Census Bureau will establish new poverty rates for communities through the 2010 Census, which we expect may ultimately lower our poverty rates, and hence our Title I Part A funding. Current Title I Part A funding is established through the data from the 2000 Census, then modified annually through subsequent statistical estimates including administrative records from Federal income tax returns, Supplemental Nutrition Assistance Program (free/reduced lunch), and Census Bureau population update estimates.

WPUSD's percentage of families in poverty has been dropping since 2003's level of 18.03% to the most recent estimate of 11.29% in 2008, which will be the basis for our 2010-11 Title I funding. For points of comparison, neighboring districts show the following 2008 percentages of families in poverty: Eureka – 4.25%; Loomis Union – 7.68%; Marysville Unified – 23.75%; Placer Hills Union – 3.82%; Placer Union High – 5.62%; Rocklin Unified – 5.12%; Roseville City – 7.20%; Roseville Joint Union – 6.90%; Dry Creek – 8.12%.

We can expect approximately a 2.4% reduction in Title I monies next year; this reduction should be offset by the Title I ARRA funds, if our carryover waiver is approved.

These estimates are based on a statistical model that incorporates data from the Census Bureau's American Community Survey, administrative records taken from Federal income tax returns and the Supplemental Nutrition Assistance Program (free/reduced lunch), the most recent decennial Census (2000) and updates to population estimates that the Census Bureau has completed since 2000.

BACKGROUND:

Western Placer Unified School District has embarked on a journey to ensure that each and every student in our school district masters the critical learnings that will lead to a high school diploma and to post-secondary success. Over the past two years across the district, we have studied the work of a number of reknown educational researchers (R. Marzano, R. DuFour, B. DuFour, M.Schmoeker, M.Mattos) who have come to a common conclusion regarding what is necessary for schools to be effective and successful with their students, even when facing seemingly insurmountable odds. Their conclusion ~ the development of **Professional Learning Communities (PLC's)** ~ cultures and practices of interdependence among administration, certificated and classified staff as they work with a laser-like focus to monitor the learning of each student, ensuring that every student is successful. PLC's involve identifying what students should be expected to learn (Essential Standards), how that learning will be measured (Common Assessments), and providing timely and specific plans for students who are struggling and for those who exhibit early mastery (Interventions/Enrichments).

Over the past two years, WPUSD teachers, administrators, support staff, and Board members have attended conferences, workshops, trainings and book studies toward the goal of developing PLC's in our schools. An overview of the PLC philosophy and our district-wide work will be presented.

BACKGROUND:

Pacific Gas & Electric is seeking a 720'x10' utility easement along Finney Street bordering Foskett Ranch Elementary to serve and maintain the utilities installed in the area. The underground electric facilities were installed in 2007 at the City's request to serve the park and the easement was overlooked. The District's portion of the easement would normally have been processed during the plan approval of Foskett Ranch. PG&E is requesting the easement in order to tie the facilities into the overall PG&E system and perfect the rights of way. These facilities would serve the District in the future if expansion were to occur.

RECOMMENDATION:

Approve Resolution No. 09/10.16 granting the easement to Pacific Gas & Electric.

TO: Scott Leaman, Superintendent
FROM: Christine Turner, Agricultural Commissioner

SUBJECT: March 10, 2010 Lincoln High School Farm Foundation Meeting

I just wanted to take a moment to say thank you for your ongoing support and understanding of the importance of the Lincoln High School Farm, agricultural programs and FFA. Lincoln High School has a valuable and unique resource in the school farm that could never be replaced if lost. That is why the Farm Foundation members are so committed to ensuring that the farm is properly protected for future generations of students to benefit from. Important steps in that protection effort include:

- Re-deeding the property with appropriate restrictions in place that preserve the school farm and allow for the future development of another high school on site if necessary.
- Ensuring that the school farm Endowment Funds of \$750,000 are appropriately protected so that the interest earned on the funds is used for the school farm and not diverted to other purposes. To that end, on March 10, 2010, the Farm Foundation members voted to support the School District in the development of a Non-revocable Trust for the Endowment Funds in the amount of \$750,000.
- After Mr. Fowler retires, hiring a replacement teacher that has dual teaching credentials in Agriculture and Science to teach Ag Biology, and work with the FFA program, is critical to the long-term sustainability of the agricultural programs and support of the school farm.

Again, thank you for your commitment to work with the Farm Foundation/Ag Advisory Committee to make these things happen.

Season 1

Season 1, Episode 1: Currahee

Original Air Date—9 September 2001

In 1942, men from across the USA are in Camp Toccoa, Georgia to undergo paratrooper training. For the men of 'E' Easy Company the training is particularly difficult as a result of their demanding commander, Captain Herbert Sobel. He drives them incessantly to excel, canceling their weekend passes on a whim. His favorite chore is to have the men undertake a run up a hill known as Currahee. While the men are fit and ready for battle, thanks to Sobel, he has unfortunately shown himself to be a weak tactical commander. Once in England, and knowing they will soon be invading the Continent, the sergeants stage a rebellion. Sobel's excesses come to an end when Lt. Dick Winters requests a court martial rather than accept punishment for one of Sobel's lame charges.

Season 1, Episode 2: Day of Days

Original Air Date—9 September 2001

In the very early hours of the D-Day invasion, Easy Company along with thousands of other Allied paratroopers land behind enemy lines in Normandy. In the chaos of the jump however, they are spread far and wide with many landing far from their expected drop zone. Lt. Winters assembles the few men they can find and slowly make their way to their rendezvous point. As the men straggle in, they also must adjust such as when Malarkey meets a German soldier who grew up in Oregon. Easy's Company commander is still missing so Winters is left in charge and is ordered to take out a German artillery bunker that is wreaking havoc with the troops landing on the beach. They do so with great efficiency and are rewarded with several Bronze and Silver Stars and the Distinguished Service Cross for Winters.

Season 1, Episode 3: Carentan

Original Air Date—16 September 2001

Easy Company's next objective is to take the town of Carentan where they engage in street to street fighting with a doggedly determined enemy. The fighting is hard and there are many casualties. Having pushed the Germans out, Easy Company now has to hold the position and soon face a counter-attack from German forces, including artillery and tanks. For Pvt. Albert Blythe, the pressure and stress pushes him to the breaking point. He even suffers from hysterical blindness but soon recovers with a few words of encouragement from Winters. After 36 days in battle, Easy Company is finally relieved and get to return to their base in England.

Season 1, Episode 4: Replacements

Original Air Date—23 September 2001

Easy Company's stay in England is far too short when they are ordered to participate in operation Market Garden. This major engagement is to thrust north into Holland seizing the bridges along the way with a view to giving the Allies a clear route into Germany. The men of Easy Company are told that they will be leaving for good and they parachute into near Eindhoven, where they get a huge welcome from the war-weary population. With significant losses in Normandy invasion, Easy also has to welcome new recruits who, in the eyes of the now veteran combat soldiers who have survived, as much a liability as a benefit. The battle is not easy with the Germans putting up fierce resistance. The situation is particularly dire for Sgt. Bull Randleman who is separated from the rest of the Company and is forced to hide out in a local barn overnight as the Germans move in. The battle was not a success and did not shorten the war as had been hoped.

Season 1, Episode 5: Crossroads

Original Air Date—30 September 2001

Captain Winters leads Easy Company in an attack on what they thought was a machine gun nest but turns out to 2 Companies of German SS who also have artillery support. The attack is successful in that they virtually wipe out the enemy but they do suffer many casualties. He soon finds himself promoted as the 2nd Battalion's Executive Officer and while he has concern about leaving Easy Company, he knows they are in good hands with Lt. Moose Heyliger. In the aftermath of the disastrous Operation Market Garden, Easy Company is assigned to assist a large group of British paras who are trapped behind enemy lines. Later, with Christmas approaching, the men suddenly find all passes canceled and they are quickly moved to Bastogne to help defend the city from the German offensive. The company is now led by Lt. Norman Dike, for whom the men have little respect.

Season 1, Episode 6: Bastogne

Original Air Date—7 October 2001

It's a cold, harsh Christmas 1944 for the men of Easy Company as they try to hold the line around Bastogne against attacking German forces. They have no winter clothing, limited rations and little ammunition. For Eugene Rowe, one of the medics, the problem is getting basic medical supplies. He's been scrounging what he can, but it simply isn't enough. He's managed to get supplies from a pretty French nurse in Bastogne, Renee, but as the casualties mount, he finds himself lacking even the most basic supplies. The men of Easy Company are left on their own much of the time as the Company commander, Lt. Dike, spends most of his in his foxhole.

Season 1, Episode 7: The Breaking Point

Original Air Date—14 October 2001

Easy Company is still in the Ardennes forest but the Germans are in retreat. The men are cold and living in foxholes knowing that they will likely

be ordered to try and take the town. The Germans have been pushed back to the town of Foy but they are well positioned and have heavy artillery. Their artillery barrages take a heavy toll and several of the veterans of Easy Company are severely wounded including Bill Guarnere and Joe Toye. Those injuries have a particularly heavy impact on their good friend, Lt. Buck Compton. When the attack does come, Easy Company is led by the ineffectual Lt. Dike who makes several tactical errors leading to unnecessary casualties. Capt. Winters, who is observing the battle would like nothing better than to rush into battle to lead his old Company but cannot. In the end, he orders Lt. Speirs to take command of the attack.

Season 1, Episode 8: The Last Patrol

Original Air Date—**21 October 2001**

It's February 1945 and a depleted Easy Company is now in Haguenau, France on the Rhine just across from Germany. Pvt. David Webster, who was injured during Operation Market Garden, returns to the Company but finds that his absence from the fighting in Bastogne has alienated the others and he is treated as an outsider. The Company also has a new junior officer, Lt. Henry Jones, a West Point graduate who has yet to get any battlefield experience. The war is clearly coming to an end and the men are starting to think they might just survive the war. When Colonel Cink orders a raid across the river to take prisoners for interrogation, the men are less than keen to take part but follow orders. No one believes it's worth it when one of the men dies from the wounds he receives. When Col. Cink orders another raid the next night, Capt Winters has his own unique way of dealing with the situation.

Season 1, Episode 9: Why We Fight

Original Air Date—**28 October 2001**

The men of Easy Company are now in Germany, aware that the Germans are surrendering by the thousands and that the war is winding down. With more time to reflect, some of the men are wondering if it was all worth it and begin to question whether the sacrifices they and their absent colleagues have made were worth it. That question is answered when they come across a concentration camp and they see first hand the atrocities committed by the Nazis. Captain Nixon has returned from a jump behind enemy lines that did not go well and resulted in many deaths. He's drinking heavily and has been demoted from Regimental to Battalion intelligence officer. Soon after Hitler's death, they are ordered to Bertchesgarden, the Nazi leader's mountain-top retreat.

Season 1, Episode 10: Points

Original Air Date—**4 November 2001**

It's May 1945 and Easy Company finds itself the first Allied troops to enter Bertchesgarden, Hitler's Bavarian retreat. They find the village virtually empty with only a few people working in the hotel. They're there only a short time when they get the news they've been waiting for: the German army surrenders and the war in Europe is over. For those with enough service, it means a trip home while the rest continue to train for an eventual transfer to the war in the Pacific. For others still, tragedy still awaits. The men of the 101st all have varied futures ahead of them. The bonds of brotherhood shaped in battle will remain with them for their lifetimes and beyond.

I Agree: This Is The Best War Movie Ever Made, 27 February 2006Author: [ccthemoviemani-1](#) from Lockport, NY, United States

Without looking, I am sure other reviewers here have headlined their article "Best War Movie Ever Made" and I agree. However, before briefly discussing the film, let me just say if you don't have a decent 5.1 surround sound system, you aren't going to fully appreciate this movie (DVD).

It's a great film to start with, and sitting in a room surrounded by five speakers with bullets flying from all directions around you - as in that spectacular 22-minute opening scene or in the final 45 minutes of action against the Germans in tanks - is an astounding movie experience. The sound in this film elevates it even higher.

The visuals are outstanding, too. I've never seen so many grays, beiges and olive-greens look this good: perfect colors for the bombed-out French city where the last hour takes place, perfect for the faces and uniforms of the gritty soldiers, for the machinery, the smoke-filled skies, etc.

My only complaint is the usage of Lord's name in vain 25-30 times, but, hey, when you consider it's tough men in tough times, that's what you are going to hear. In real life, the profanity probably was worse than the film.

It's hard to picture the brutality of war being any worse than you see here, but it probably was. This is about as graphic as it gets. The violence and gore was shocking when this film came out in 1997 and still is when watched almost a decade later. It's unbelievable what some of the WWII soldiers went through, but that can be said for any war. I believe the purpose of this film was to pay tribute to the sacrifices these men made, and it succeeds wonderfully. Hats off to Steven Spielberg and to Tom Hanks, the leading actor in here, both of whom have worked hard for WWII vets to get the recognition they deserve, not just on film but in a national memorial.

Anyway, language or blood and guts aside, this is still an incredible portrait of WWII. The almost-three hour film is riveting start-to-finish, especially with that memorable beginning action scene, probably the most dramatic in the history of film.

As "entertaining" as those action scenes were, I found the lulls, if you will, to be even better. Listening to Hanks and his men discuss various things as they look for Private Ryan, was fascinating to me. Hanks is just superb in here and once again shows why he is considered one of the best actors in his generation.

The most memorable and powerful moment among the "lulls," is the shot early on of the Ryan mother sinking to her knees on her front porch as she realizes she is about to get disastrous news from the war. Moments later, Harve Presnell, playing Gen. MacArthur, eloquently reads a letter by Abraham Lincoln that is so beautifully written, so profound that it is quoted near the end of the film, too, and I never get tired of hearing it.

This is a man's movie, and shows the horrors of war as few others ever have. To say it is "memorable," just doesn't do it justice. It is the greatest war movie ever made....period.
